

18-05-2017: Cloud solutions were a main topic of conversation

Transport Logistics, awards to longstanding clients of Nova Systems

Event was opportunity to present BeOne solutions

During the **Transport Logistic** event held in Monaco last week, longstanding partners who have been **clients of Nova Systems for more than 20 years were rewarded**. Awards were given out to Bianchi Group, Brigl, Fercam, Formaro Spedizioni, Gruppo Di Martino and Scortrans. The award winners also included Agan, CO.A.P., Csp Cargo, C.T.I., D.B. Group, Fratelli Salvatori, Freccia Adriatico, Gallinker, Franzosini, Hangartner, Marsped, Mar.Vi.Sped, Roller Chemical, SD Servizi Doganali, Spedo and Trasporti Bonanomi. During the event, the video [“Embrace the future with BeOne”](#) was also aired.

“It was an honour for me to hand out this special award to clients, who have in time become actual and proper partners, that have contributed and continue to contribute to the improvement of software solutions in Cloud BeOne, which was given out at the event and specifically created for the international courier, transportation, logistics and customs sector”, explained **Nova Systems’ CEO Valerio Avesani**. He went on to say “We are constantly on the look-out for innovative technological solutions, which guarantee the constant evolution of the BeOne Suite. At the same time, we are committed to making Nova Systems a company that is truly international and Transport Logistics is a very important area for BeOne solutions and thanks to Cloud they can be delivered anywhere in the world with the utmost safety”.

Cloud solutions within the sector were the topic of discussion at the Transport Logistics. Stefan

Rummel, who is Director General at Messe München, stated that “we are embarking on what is the most interesting stage of innovation in the last ten years, and the relevance is growing. In this context, software is a crucial element”.
